

Matrix

Version 4

Published 9/24/2021 by [Jennifer Kim](#) Last updated 9/13/2022 3:10 PM by [Nadine Chautilal](#)

Matrix is a cluster of Linux CentOS servers. Students can use Matrix to learn working and programming in a Linux environment.

Full-time Students

- To request and create an account use the [self-service portal](#) of Matrix.
- Student accounts will remain active as long as the student is active and enrolled in a full-time day program.

Part-time Students

- Student accounts for Continuing Education will be active on Matrix for the duration of their course.

Accessing Matrix

- Matrix can be accessed using any SSH/SFTP client such as [MobaXterm](#) or [WinSCP](#).
- To use SSH/SFTP to Matrix from outside of Seneca Network, users must be connected to [VPN](#).

Each user on Matrix will have a website with the URL as: <https://matrix.senecacollege.ca/>
