The ITS department provides, manages, and supports software applications to all current students. These software are available depending on each student's program or course requirements.

Here are a list of our popular software:

Adobe Creative Cloud provides free access to popular software such as Acrobat Pro, Dreamweaver, Photoshop, Spark and more.

Office 365 this Pro Plus version allows you access and download software on up to 5 personal or work devices.

MyApps the on demand streaming application gives you access to over 400 software.

Trend Micro Internet Security protect your devices with a free anti-malware home use software.
