Upload your photo for the Seneca OneCard app

Published 11/9/2022 by Stephanie Conte

Students and employees will need to upload a photo of themselves at myphoto.senecacollege.ca by Wednesday, Nov. 30 in order to use the app for identification purposes at Seneca. If your OneCard does not include a photo it is incomplete. Your OneCard cannot be used as identification until the photo is approved.

If you have already uploaded a photo to the OneCard app there is no further action required. Visit the space for more information.
